

# 9 Reasons Power Purchase Agreements *Make Sense*

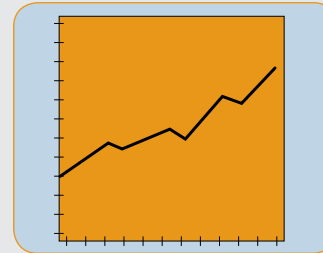

## 1 No Up-front Investment

*You Only Pay for the Electricity Generated*

## 4 Predictable Energy Costs

*Low Risk: Hedge Against Rapidly Rising Energy Costs*

## 7 Reliable Renewable Energy

*Proven Source of Clean Energy: Silent, Emissions Free, Low Maintenance*

## 2 It's Easy

*Alpha Energy and our Financial Partner Handle all the Design, Installation and Maintenance*

## 5 Community Recognition

*Promote Corporate Leadership Role, Strengthen Public Image*

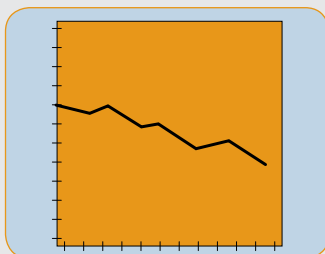

## 8 Lower Your Peak Hours Energy Demand

*Business Hours Coincide with Peak Consumer Energy Demand and Costs*

## 3 Lower Power Costs

*Immediate Savings with Additional Savings in the Future*

## 6 Reduce Your Dependence

*Promote Renewable Energy Alternatives and Use Less Fossil Fuel*

## 9 You Already Have the Space

*Unused Flat Spaces are Ideal for PV Installations: Roof, Ground, Parking Structures*

## Power Purchase Agreements:

### Four Key Points

- 1 Alpha Energy and our Financial Partner design, install and pay for a solar power system on your property.
- 2 Your firm contracts to buy the electricity produced by the system for a set number of years.
- 3 All system monitoring and maintenance are done at no charge to you.
- 4 At the end of the contract, you can buy the system for a greatly reduced price.

191kW grid-tied solar power system in Phoenix, AZ
