

Next Generation Cloud Managed WiFi

Mojo Networks Delivers The Only Fully Integrated Platform For Your Wireless Infrastructure

Cloud

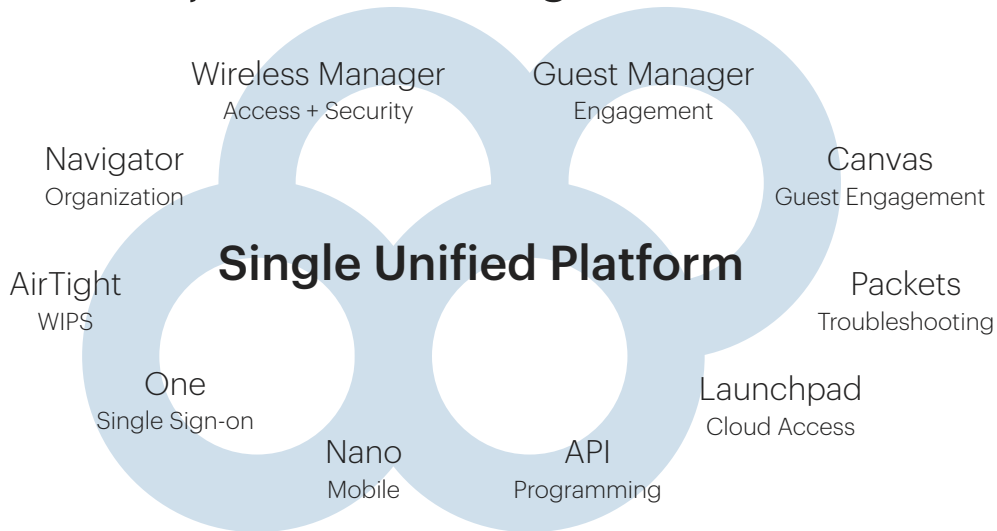

A cloud architecture with the reliability, accessibility, security, ease of use and scalability needed to support every WiFi workflow

Access Points

Enterprise-grade access points that deliver reliable, high-performance networks and proactively secure and optimize the air

Mojo Cloud Managed Platform

Key Benefits

Customizable dashboards for top-down network monitoring from a single pane-of-glass

True zero touch deployment through automated policy propagation

Single policies that can govern thousands of access points at once

Complete API access across entire cloud

Cloud-based graphical packet analysis leads to quick issue resolution

Flexible guest network capabilities with advanced tools for connecting and communicating with guests

Intelligent access points dynamically monitor the air to ensure optimal performance

Industry-leading wireless intrusion prevention built-in

Unique Cloud Managed WiFi Features

These unique features support the **only** fully integrated platform for WiFi access, security and engagement

Mojo Wireless Manager is a single pane-of-glass for all network and security policy workflows

Mojo Guest Manager takes guest networks to new heights with advanced features and controls

Mojo AirTight is the industry-leading Wireless Intrusion Prevention System (WIPS) for wireless threat protection

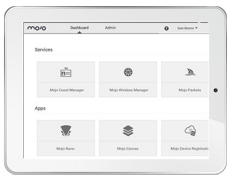

Mojo Canvas is a web-hosted, interactive design app for creating beautiful splash and landing pages

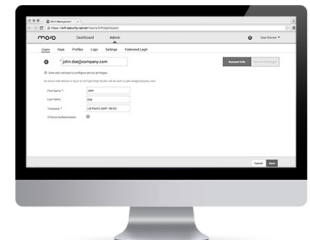

Mojo Navigator provides a unique way of organizing WiFi networks for easy deployment and monitoring

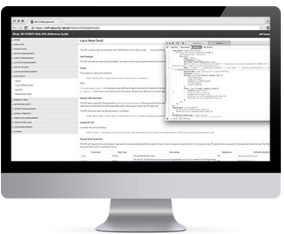

Mojo Packets is the industry's only cloud-hosted graphical packet analyzer for WiFi troubleshooting

Mojo Launchpad gives access to the entire Mojo Cloud Managed Platform

Mojo One is a single sign-on service across the entire Mojo Cloud

Mojo API is an interface on which programmers and app developers can access the Mojo cloud

Mojo Nano is a mobile-optimized experience for quick and easy WiFi set-up

Demo

Want to learn more? Of course you do! An intimate demo is the best way to learn more about Mojo Networks and what we can do to bring you the best wireless platform for every need.

Evaluation

After we show you what Mojo is all about, we want you to see it for yourself. Be sure to ask your rep about our no obligation 14-day trial.
